

## Second Class – Requirement # 4

**“Identify or show evidence of at least 10 kinds of wild animals (such as birds, mammals, reptiles, fish, or mollusks) found in your local area or camping location. You may show evidence by tracks, signs, or photographs you have taken.”**

If you are unable to capture a picture, make sure to document, where, when and who was along when you saw the animal. Then share something unique about that animal when discussing with your scout leader.
